MEMORANDUM FOR: Director, National Photographic Interpretation Center

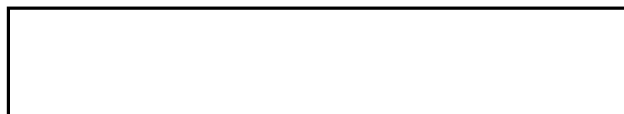

THROUGH : Deputy Director for Administration

SUBJECT : Briefing of Career Trainee Classes

REFERENCE : Memorandum same subj., Director, NPIC, dtd 12 Feb 1975

1. I appreciate your interest in exposing Career Trainees to the importance of imagery analysis. I certainly agree that CTs, no matter what component they are eventually assigned to, should be aware of this activity which has become so vital to intelligence production.

2. In the near future we hope to modify the CT curriculum so that all Career Trainees will take the Intelligence Production Course (to be renamed the Intelligence Process Course) in place of the Intelligence in World Affairs course. It is my understanding that you brief the CTs on imagery analysis in the IPC for several hours. I trust that you will be able to accomplish your objective of briefing the CTs in this format. We hope to introduce the curriculum change in September 1975.

Alfonso Rodriguez
Director of Training
